Resolux Group Celebrates 30 Years of Excellence in the Wind Industry

Resolux Group proudly marks its 30th anniversary, celebrating three decades of growth, innovation, and strong global partnerships within the wind energy sector.

Founded in Denmark in 1995, Resolux has evolved from a local supplier into a global market leader, delivering high-quality components and services to major OEMs and Tier 1 suppliers across the wind turbine industry. With operational entities in the United States, Brazil, Türkiye, China, India, and Denmark, Resolux Group today stands as a trusted supply chain expert and a leading consolidation partner.

Over the years, the company has remained committed to innovation, customer focus, and operational excellence – consistently simplifying supply chain complexity and supporting the renewable energy transition.

As Resolux enters its next chapter, the company continues to strengthen its position as a key enabler for global wind power growth.

About Resolux Group

Resolux Group is a global supplier of customized components, kitting solutions, and supply chain services for the wind energy sector. Headquartered in Denmark and part of Gexpro Services, Resolux supports the world's leading wind turbine manufacturers with tailored, cost-efficient, and scalable solutions.
